

Built for the team

Athlete flow, with clear choices.

High-school concept • 56 m × 34 m assumed envelope • approximately 20,500 sq ft

BLUE Team staging → assigned strength or turf → staging / exit

TEAL Optional care / testing branch • AMBER Clinician–coach handoff into training

Hypothetical dimensioned concept, not a surveyed site. Diagram uses proportional zone geometry; wall thickness and fittings are schematic.
No occupancy, access, egress, acoustic, structural or construction compliance is established. Routes illustrate program logic, not an evacuation plan.
